After you have installed the "Free Trial" of Malwarebytes.

Open Malwarebytes.

On the left click on "Settings", on the top click on "My Account". Click on "Deactivate Premium Trial".

Now you will have the "Free" edition.

| Malwarebytes Free 3. | .0.5 — — X |
|----------------------|---|
| ⇔alware b | ytes FREE Activate License Upgrade Now |
| Dashboard | Application Protection Scan Schedule Exclusions My Account About |
| 🔶 Scan | My Account |
| Quarantine | View your license details. If you deactivate your Premium license, Malwarebytes will be downgraded to Malwarebytes Free and you will lose real-time protection. |
| Reports | Subscription Details |
| රිටි Settings | Edition: Malwarebytes Free Status: Always free (Upgrade to Premium for real-time protection recommended) Expiration date: Never expires |
| | |
| | Activate License Upgrade Now |

Right click on the Malwarebytes icon in the bottom right corner. You may find it by way of the up arrow.

Uncheck "Start with Windows"
